The Choicelunch Promise: We use whole ingredients sourced responsibly from trusted partners. We only use antibiotic-free chicken and beef. We avoid anything artificial or processed, especially added nitrates, HFCS (high fructose corn sugar), artificial sweeteners and colors, and hydrogenated oils. With our fresh fruits and veggies, if it's on the EWG's Dirty Dozen list, we make every effort to source organic.

We deliver lunches kids love and parents can feel good about, and we listen closely to our customers and constantly review feedback through surveys and our Choicevoice tasting panels. We use only compostable or 100% post-consumer recycled packaging, and our on-staff registered dietitian reviews and approves every ingredient we use.

Our goal is to make lunch super simple and stress-free for our families. Our customers order in advance from a selection of 15+ entree choices per day on our custom-built ordering platform and mobile apps, with a full customer support team available via email, phone, and chat. Choicelunch is "for parents, by parents", and is family-owned and operated for over 15 years in California. We love what we do, and we look forward to serving your families!
